

PARN's work in Peterborough & the Four Counties is framed by our commitment to GIPA/MEPA, the social determinants of health & partnerships that strengthen the community responses to HIV, STIs & other blood borne infections.

### **Prevention Education Coordinator to March 31, 2016**

This position develops community capacity & supportive environments to address factors which increase vulnerabilities for transmission of HIV & STBBI by: coordinating activities with the Rainbow Youth & IDU Outreach programs, prevention programs with & for gay/bi/MSM staff, community partners, people who are living with, affected by & at risk of HIV, & volunteers to provide targeted prevention & education programs to at-risk populations throughout the four county region.

If you have 3 – 5 years progressive experience in a formal leadership role in health promotion, community or program development & relevant education this position offers an opportunity to animate an integrated community response to HIV/STBBI prevention & education.

#### **How to Apply:**

Qualified applicants are invited to submit, by email to [hiring@parn.ca](mailto: hiring@parn.ca), a single document containing *cover letter* & resume, in PDF format only, no later than 12 p.m. Friday, September 26, 2014. The subject line should state which coordinator position you are applying for. Must be able to obtain security clearance at correctional institutions.

Your *cover letter* is an opportunity to really shine. The hiring team invites you to be bold. Provide us with a sense of your program development & management skills. Your understanding of the complexities of HIV for those who are living with, or affected by or at risk for HIV in our region is paramount. Job descriptions available from [hiring@parn.ca](mailto: hiring@parn.ca)

We encourage people living with or affected by HIV & from the communities we serve to apply & to self-identify.
